MEET KATIE

Hey pretty lady!

Thank you so much for taking the time to look through this little booklet. I am so grateful to you for considering booking me for your senior pictures! I thought I should share a little bit about myself to help us get to know each other better so here we go!
I'm 24 years old, I've been married to my husband Zac for 2 years. We recently bought an old farmhouse and I'm obsessed with bringing it back to life. We have two dogs, Axle and Khloe and we just added 18 chickens to our little farm.
Senior sessions are easily a favorite part of my job because they're just straight up fun. I have a love for clothes and styling so that really comes out when I'm planning a session. I love getting to meet really cool, creative girls and spend the evening hanging out taking pictures that make them feel amazing. I always tell my clients that my sessions are really laid back, because that's just me as a person. I don't want you to feel a ton of pressure during your session, I want you to be laughing and having a good time like we're old friends.
I hope you feel like you know me a little better after reading this, a good connection with your photographer will make all the difference in your photos.

I can't wait to meet you!

-Katie

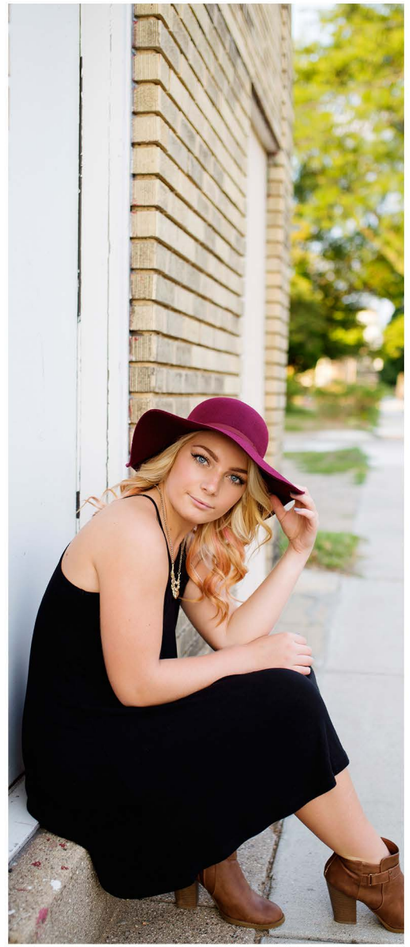
LOCATIONS

I have tons of amazing locations around the area, I've spent a lot of time shooting at each one to make sure I know exactly what each location has to offer. I want each session to be as unique as possible so I am always on the hunt for more hidden gems. You and I will work together to choose locations for your session that reflect your personality and style. I am always open to any suggestions as well so if there's a spot that means some thing to you don't be afraid to mention it! I've done photos at ice cream shops, horse barns and even in a high school swimming pool.

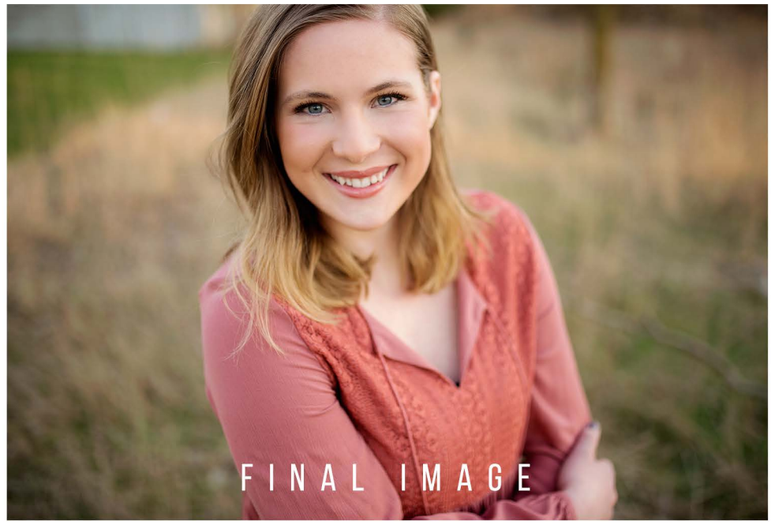
Your photos should be a reflection of your personality and that means capturing things that are important to you.

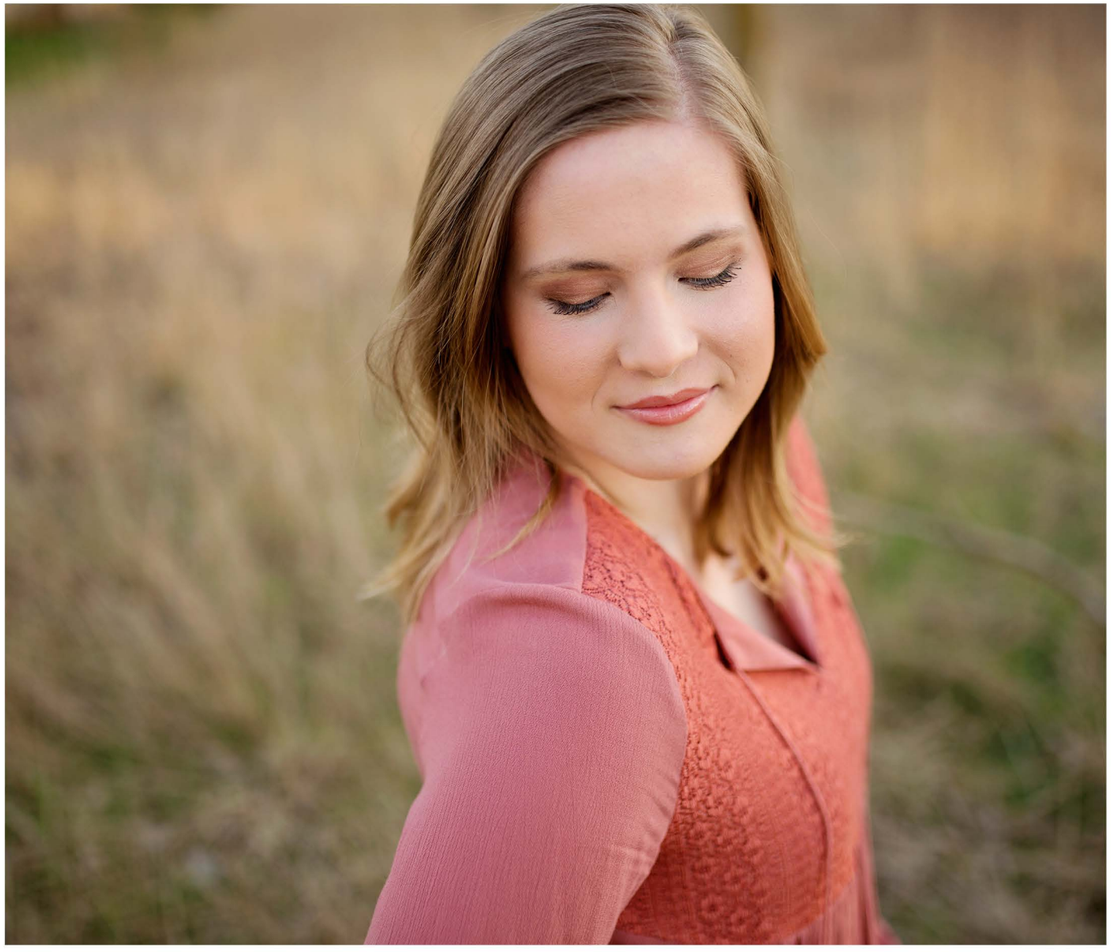


HAIR + MAKEUP

I believe that professional hair and makeup is key to getting fantastic photos. I put together this before and after to show the differance professional makeup makes. People often feel like professional makeup looks like "too much" when they look in the mirror. You can see in the images on the right that even though it looks like a lot in the indoor photos, the final result is gorgeous! Without professional makeup the models feautures wouldn't be highlighted well and she would look washed out.
Don't wear a ton of makeup? That's okay! Your makeup artist will ask you what kind of look you are comfortable with before you get started.

ONE OF THE TALENTED HAIR AND MAKEUP ARTISTS I WORK WITH WILL COME TO YOUR HOME THE DAY OF YOUR SESSION SO YOU DON'T HAVE TO WORRY ABOUT COORDINATING APPOINTMENTS!





NOTHING MAKES A GIRL MORE *beautiful* THAN THE *belief* THAT SHE IS BEAUTIFUL

FAQs

Q. What do we do if it rains?
A. I keep some rain dates avaialable just in case! I like to make the call by no later than 2 hours before you are scheduled to start hair and makeup.

Q. I have less than clear skin, I know makeup will help but do you also edit out acne?
A. Yes! I definetely try to keep your photos as natural looking as possible because I believe we were each created to be beautiful and uniqe. However, acne is not a permanant feauture on your face so I always make sure to take it out.

Q. Who do I bring with me to my session?
A. I usually like to limit it to one parent or close friend. It makes things go a little smoother not to have a ton of people following us around and helps the senior to relax a bit more with less eyes on them. Most girls bring their mom or BFF with them or come alone!

Q. Where do I print my photos and order graduation annoucnements from?
A. I highly reccommend mpix.com! I use them for all of my printing. Prints from stores such as Target or Costco will look different from what you see on your computer screen, the colors will be off and they will often be distorted a bit. Mpix is a division of a pro lab so they have amazing quality with lower prices!
